

9. What are the opportunities after the regional fair?

Each year the regional steering committee works with Historica and a variety of community, provincial and national organizations to create further opportunities for students. These opportunities vary from year to year.

Examples of opportunities that have been available in the past include:

- Participation in the Canada Day celebrations at Riverside Park
- Displays in local shopping malls and/or businesses
- Displays at the Art Gallery and/or Museum
- Appearances and interviews on local TV
- Invitation to summarize project for a website
- Participation in a national virtual fair
- Invitation to write about your project in a professional history journal
- Participation in a SEVEC Youth travel Exchange with students from another province
- Participation in the National Historica Fair

NOTE: All of these opportunities are only available to selected students and not all opportunities are available each year.
